

Day Wireless Systems – Company Profile

Mission Statement

We are committed to providing cutting edge wireless technology to increase productivity and exceed the customer's expectations, thus creating financial growth and opportunities for our customers, employees and company.

Company Profile

Day Wireless Systems is a premier provider of wireless solutions for voice, data, and video. The company designs, installs, and supports systems for government, public safety, healthcare, commercial, and education clients.

Founded in 1969, the company is based in the Portland, OR metro area and now operates from 24 locations in California, Oregon and Washington. The company has more than 300 employees including 175 technical staff made up of engineers, senior technicians and skilled installers.

The company is privately held and led by third generation family members. Day Wireless Systems is affiliated with Reliance Connects, a telephone/cable/Internet company founded in 1905 with operations in Oregon and Nevada.

Day Wireless Systems is one of the largest wireless integrators in the USA, a major provider of the leading brands in wireless system applications and the largest Motorola channel partner in the USA.
